

CXP-TOMAHAWK

- CXP-Tomahawk Bullpup Bolt-Action Sniper Rifle is designed and manufactured by ICS, which improves all the defects from other sniper rifles in the market. Casting off the limitation from the conventional appearance and mechanical structure and adding the design to ensure its tremendous performance. The Bullpup design can maximize the length of the barrel. The 61cc enlarged cylinder provides sufficient pneumatics force.
- Out of the box, it comes with MASTER MODS 510mm inner barrel, R-Hop rubber, and three-way adjustable TDC Hop-Up chamber, which is capable to shoot heavier BBs, performing a straight and steady trajectory.
